About our team

Attached to this document is a profile for your adviser. The adviser profile provides information about their contact details, qualifications, experience and any memberships they may hold.

Why you should choose us

We aim to provide personalised and responsible advice suited to your objectives and believe that sound advice and planning is the key to improving your financial position.

We undertake continuous professional development, to keep us up to date with all applicable legislative, strategy and product changes.

We have access to technical, risk and investment research professionals who provide us with additional analysis on strategies and products that become available.

We will help you determine your goals and weigh up different investment strategies to achieve them.

Most importantly, we turn your thoughts into action. There are no secret formulas for achieving financial security. We work with you to get the basics right and ensure you have a plan to achieve your goals over time.

Approved Products

Advice Evolution Pty Ltd maintains a broad approved list, containing investment and insurance products that have been researched by at least 2 research houses. Our choice of product will not be limited by any external party.

Documents you may receive

Our advice will be provided to you in a financial plan, known as a Statement of Advice (SOA). The financial plan contains a summary of your goals, our strategies and financial product recommendations to achieve your goals. It also provides you with detailed information about the fees, costs and other benefits we will receive as a result of the advice we have provided.

We will keep a record of any further advice we provide. You may request a copy by contacting our office.

You will also receive a Product Disclosure Statement (PDS) if we have recommended you invest in or purchase a financial product. The PDS contains key features of the recommended product, significant benefits, risks and the fees you pay the product provider to professionally manage your investment or insurance.

You may also receive an ongoing or Annual agreement which will outline how we monitor your strategy and portfolio and make sure they are the best available to achieve your goals.

You should read any warnings contained in your financial plan, the PDS or IDPS guides carefully before making any decision relating to a financial strategy or product.

You can contact us with any questions relating to your financial products.

Our financial planning process

Everyone has different circumstances, needs and goals. We treat everyone as an individual, but follow a defined financial planning process, to make sure you know what to expect from us.

Identifying where you want to be

We help you identify your financial and lifestyle goals and explain the services we offer to help you achieve them. The type of advice you need could depend on your life stage, the amount of money you want to invest and the complexity of your affairs.

We will help you to identify the issues that need to be addressed to meet your goals. You can then decide whether you want our advice to meet a single need or a broad range of issues.

Considering opportunities and risks

Good personal advice starts with having an understanding of your current situation. We take a close look at your current financial situation – assets, debts, income, expenses and insurance, and explore the options to reach your goals.

Bridging the gap

Based on the research, we will recommend a strategy to bridge the gap between where you are now and where you want to be.

Bringing your plan to life

We work closely with you to implement your financial plan. We help you to complete any necessary paperwork and are available to attend meetings with your accountant, solicitor and general insurer so that your strategy is implemented efficiently.

Staying on track with regular annual or ongoing advice

Time goes on and circumstances and needs change. The final step in our advice process ensures your financial plan remains on track, by providing you with regular ongoing or annual advice Agreement.

We will design an annual or ongoing service program so your plan remains up to date.

Transaction services

If you would like us to help you complete a particular transaction without our advice, we can take your instructions and arrange for the transaction to be completed without providing any.

It is important to understand that in these circumstances we will generally ask you to confirm your instructions in writing and to sign a letter that acknowledges you have declined our offer of advice as well as understand the risks of a transaction service. You will be provided with a copy of the letter for your own records.

Fees

The fees charged for our advice are designed to be fair and clear. Our advice fees may include charges for the following advice services:

Initial Consultation Fee - You may be charged up to \$660 for a consultation

Advice Fee- The advice fee covers the cost of researching and preparing your financial plan. The price can be a flat fee with an additional performance or risk margin depending on the size and complexity of the advice.

Annual or Ongoing advice agreement – This is the fee for your advice agreement, it will cover the cost to keep your strategy and investments current and up to date as well as any services provided by the practice. This will be a separate document provided at the time of the advice, it can be paid directly or collected from your investments.

Life insurance payments

Initial commission – One off commission that is paid at the inception of insurance policy. This can range from 11% to 66% of initial premium paid. (Paid by the product issuer)

Ongoing commission – This is a part of the product provider's ongoing charges and is paid every year that the insurance policy is retained. (Paid by the product issuer)

Advice Evolution Pty Ltd will receive commission directly from the product provider and is based on a percentage of the insurance premium paid. Commissions are deducted from the premium by the product provider so are not paid directly by you.

Your advice fees will be calculated at the time we provide you with personal advice. Your SOA will outline the advice fees and any commission inclusive of GST.

Payment Method & Frequency

We offer you the following payment terms:

- Bpay, direct debit (credit card or savings), cheque
- Deduction from your investment
- Ongoing advice fees may be deducted as an annual instalment or in monthly or quarterly instalments.
